Art of nails from Artistry

Artistry, one of the world's top selling prestige brands for skincare and colour cosmetics, has launched Artistry Nail Colour, a collection of 12 stunning colours inspired by fashion trends and consumer opinion.

Artistry nail varnishes come in both classic and metallic finishes. All contain a long-wearing formula that gives intense colour and shine, which resists peeling and chipping, especially when used with Artistry's Base Coat and Top Coat.

Artistry's Nail Colours include: *Champagne* - for the barely-there look, *Innocent* - a pastel shade of baby pink and *Goddess*, a gorgeous on-trend mink colour.

They are Toulene-free, formaldehyde-free and fragrance-free and will be available from February priced at £9.80.
